WOMAN HAS MAN JAILED AS SLAVER

Miss Mary McCallan Tells of Battle for Five Weeks Against Improper Advances by Resident of El Cerrito

Frank McKale Arrested on Accusation of Irish Girl, Who Says She Escaped by Outwitting Vigilant Bulldog

For five weeks Miss Mary McCallan, 27-year-old Irish young woman, fought against the efforts of Mr. and Mrs. Frank McKale of El Cerrito to induce her to become a victim of white slavery, according to the complaint upon which McKale was arrested this morning and lodged in the Richmond city jail under \$2000 bonds. She charged that McKale attempted to attack her.

Miss McCallan tells the officers she succeeded in escaping from the McKale home in El Cerrito last Sunday morning after she had evaded a bulldog which had for five weeks kept watch on her door. She fled to the home of William Whythe in El Cerrito and there related the events which she says have served to darken her life since her arrival in Berkeley, five weeks ago.

GIRL SAYS ESCAPE WAS BLOCKED BY BULLDOG

According to the story told by the girl, she was virtually a prisoner in the McKale home. She was met in Berkeley upon her arrival by both Mr. and Mrs. McKale, and was taken to their home and showed to her room. Since that time, she says, she has never left her room unless accompanied by Mrs. McKale. At night the large bulldog was left tied in front of her door to block her.

McKale, according to the girl, repeatedly attempted to molest her but in each instance she succeeded in beating him off. She stated to the police that Mrs. McKale was each time aware of the efforts of her husband to break into the girl's room, and that she never objected. She also said that Mrs. McKale came to her three weeks ago and tried to persuade her to submit to McKale's abuse. She was also told by Mrs. McKale that a certain man had furnished the money which had been sent to the girl in Ireland to pay her passage to the United States. She was often approached by Mrs. McKale in regard to letting other men come to see her, the girl relates.

GIRL MEETS COUPLE ON AUSTRALIAN TRIP

According to the girl's story she met Mr. and Mrs. McKale in Australia in 1918. McKale was engaged to her to come with them to California, but she refused and returned to Belfast, Ireland. McKale wrote to her soon after he had returned to the United States, questioning her to come to America. He offered to pay her transportation to Berkeley if she would come and live in his home. Mrs. McKale also wrote asking her permission. For several days after her arrival the girl was allowed her freedom, she says, but Mrs. McKale watched her closely. Next, according to her story, she was again taken to her room. She came into her room and engaged her in conversation. He approached her on two other occasions after that, she says.

Miss McCallan offered to go to work, she says, but was discouraged by both Mr. and Mrs. McKale, who told her that it was easier to entertain gentlemen friends at the McKale home than it was to work.

Hindu Arrested For Slaying as Escape Is Near

Mehear Singh, Fugitive From Justice Six Months, Is Trapped at Pier

A six months search for Mehear Singh, Hindu, who is accused of having slain three of his countrymen on Jersey Island near Martinique, came to an end today when Sheriff R. R. Veale of Contra Costa county clapped his hand on the shoulder of a heavily turbaned man who was about to board a steamer at San Francisco.

Singh is accused of having murdered Rhetan Miha and Isher Singh on September 16, 1919. A quarrel started over the division of harvest receipts, is said to have caused Mehear to plan a vendetta.

On the night of September 16, Mehear crept into Camp Light on Jersey Island and shot Singh to death in his bed. The news spread over the island and the Hindu colony was thrown into panic. Knowing that the other two were marked for death, Ram Singh and several others fled to the mainland and hid in the hills. Rhetan and Isher Singh were awakened and told to flee. They were dressing when shot to death.

Contra Costa county officials scoured the marshes for some trace of the Hindu, who was reported to be hiding in the vicinity of his crimes. The Pacific Khalsa Diwan Society, an organization of Hindus, offered \$500 reward for the capture of Mehear.

For half a year, it is thought, Mehear has been living in the marshes

Poles Wipe Out Red Regiments; Denikin Beaten

Armored Trains Battle on Poles Front; Polish Troops Chase foe

WARSAW, March 30.—Russian Bolshevik forces which have been attacking the Polish front in Poland have suffered severe losses and at points have withdrawn to the eastward, says an official statement issued at army headquarters here today. Polish troops have pursued the enemy and have retaken territory which was lost in the savage fighting of last week, it is said.

Fighting on all fronts is reported. In one of the recent Bolshevik attacks two enemy regiments were annihilated, and it is reported the Poles have taken sixty prisoners.

A battle between armored trains took place east of Dzerzhinsk, it is said. The trains were only 200 feet apart during the combat, and it is said the Soviet forces were obliged to withdraw, having lost several cars and suffered other severe losses.

The Poles are reported to be holding their own on all fronts.

LONDON, March 30.—George Tchitcherine, the Russian Soviet foreign minister, has notified Poland of his willingness to open peace negotiations on April 10, as Poland has suggested, according to a wireless message from Moscow today. Mr. Tchitcherine suggests that the meeting be held somewhere in Estonia.

The Poles had asked that the negotiations be conducted at Borissav, between Minsk and Smolensk.

LONDON, March 30.—General Denikin, leader of the anti-Bolshevik forces in South Russia, escaped from Novorossisk when the Soviet armies captured that port last week, the British war office has been informed.

It had been feared Denikin might have fallen into the hands of the Bolsheviks. He made a "last stand" defense against the reds at Novorossisk and was defeated. The war office admitted this defeat practically eliminated the anti-Bolshevik movement in South Russia.

Great Britain backed Denikin heavily, supplying him with arms, foodstuffs and munitions.

near Martinez. That he has had assistance from Hindu friends and his hiding place has been supplied with food is the belief of Sheriff Veale.

Life Ambition for Footlights Now Gratified

Husband Willing and Talented Woman to Leave Tomorrow to Join Company

The call of the footlights has been heard and answered by Mrs. Joseph J. Rosborough, wife of the Oakland postmaster and prominent in social affairs on both sides of the bay, and she will leave tomorrow morning for Seattle to join the "Maytime" company, a musical comedy. Social life in Oakland are also giving the announcement that she intends to give up her home here, temporarily at least, for the stage.

Mrs. Rosborough today expressed great elation over the change. She is going to have to appear in the musical comedy, and said:

"It has always been my ambition to appear in theatricals and now the chance has arrived. You know I studied abroad and my folks thought that I would enter opera, but it was too heavy for me, but I gave up the opportunity that presented itself. But now after six years of wandering married life I am going to test my ability on the stage."

Rosborough, she states, has given his full consent to her departure for the north coast and he will be home to-day from a St. Helena sanatorium, where he went for a rest last Sunday.

"As soon as I got the offer I telephoned to my husband and asked him whether I should accept. He was perfectly willing that I should do so," said Mrs. Rosborough.

"This is not a surprise, you know, because when the company appeared several weeks ago in San Francisco I tried out and had my trunk all packed to go with the company as an understudy, but at the last moment I decided not to do so. Now there is a vacancy for me, but I don't know just what the part will be."

Mrs. Rosborough has been prominent in all social theatrical affairs that have been presented here in recent years and it was always known that she cherished the ambition to appear on the stage. For a number of years she has been the leading soprano at the St. Francis de Sales Church, and it was in that church she was married in 1912.

GIRL ROUTS STRANGLER IN BATTLE

Miss Ruth Washburn, Richmond, Attacked in Manner as Was Ulla Carlson, Owes Her Life to Desperate Fight

Piedmont Police Join in Hunt for Would-Be Slayer; Clues Left by Assailant Near the City Hall Are Numerous

Attacked by a man in the same manner as was Ulla Carlson in Piedmont, Miss Ruth Washburn, Richmond high school girl, owes her life to the brave battle she offered. The Richmond police believe that the man intended to kill the girl and that it was only by the barest chance that he failed. With a great gasp out over her, hair torn from her head and covered with bruises, she is in a serious condition.

Miss Washburn was going from her home, 640 Sixth street, Richmond, to a surprise party given at the home of Mrs. E. T. Estes, Rossvelt avenue and Thirtieth street, in a distant part of the city. She had telephoned to the Estes home asking that some one meet her at the car line.

It was 10 o'clock when Miss Washburn started across the fields back of the city hall toward the Estes home. A man who came toward her she thought was one from the party and was about to greet him when he struck her a stunning blow on the head. Half dazed and bleeding from a laceration over her eye, she fought back. When the man showed a handkerchief over her mouth she bit him on the hand and as he was trying to force the handkerchief in a knot around her throat she bit him again on the arm.

Maddened by the pain the man shouted out and threw the girl with force to the ground and started to beat her. Miss Washburn threw the man, then jumped to her feet and ran screaming for help. Into the store of Mr. A. Hays she burst, her clothes hanging in shreds and blood streaming over her features. She told her story and the police were notified.

In the lot this morning the Richmond police found the girl's party pumps, a man's handkerchief and pieces of clothing, buttons and hairpins which told of the desperate struggle. From Miss Washburn they got a partial description of the man and have been working since an early hour in an effort to find him.

The man is said to be from 30 to 35 years of age and to have worn a long black overcoat. He was of medium height and smooth shaven.

Miss Washburn, until recently, was a student at the Richmond Commercial high school. She is the daughter of Mr. and Mrs. Charles Washburn and has lived in Richmond all her life. It is said this afternoon that she had recovered somewhat from the shock.

On account of the similarity of the attack and the one in Piedmont the police of the latter city were notified immediately after the attack was reported. Chief W. A. Woods of Richmond has a number of clues in hand and expects an arrest.

"It is certain," Chief Woods said, "that the man is a stranger. He was armed with a handkerchief. I believe he sought to commit murder and that Miss Washburn owes her life to her bravery."

Socialists Are Scored As Traitors

ALBANY, N. Y., March 30.—Branding the Socialist party as "an organization composed exclusively of perpetual traitors," a majority of the Judiciary committee of the New York State Assembly in a report transmitted to the lower house at the legislature today recommended the expulsion of five Socialist Assemblymen, August Claessens, Charles Solomon, Louis Waldman, Samuel Orr and Samuel A. Dowitt.

Minority reports were submitted by members of the committee who dissented from the findings of the majority.

Action on the reports will be made a special order of business in the Assembly tomorrow.

While no concerted action has been taken by those who are opposed to the expulsion of the Socialists, Majority Leader Simon J. Adler of Monroe and Assemblyman Theo. Roosevelt of Nassau will speak and vote against the program.

Enactment of a law to prevent any organization which admits aliens to its membership from occupying the position of a political party on the official ballot of the state is advocated.

"The Socialist party of America," says the report, "is not a loyal American organization or political party, discredited occasionally by the traitorous round-up throughout the province today."

Germany Is Swept by New Danger as Communists Rise

(By International News Service) LONDON, March 30.—Fragmentary despatches reaching London early tonight indicated that Germany again has been plunged into civil war on a large scale.

An Exchange Telegraph despatch from Paris declared that intercepted messages reaching there told of a nationwide Communist uprising throughout Germany today.

This outbreak, according to the intercepted messages, was led by a Russian. Later an Exchange Telegraph despatch from Berlin reaching London at 7 o'clock tonight said that Socialists representing all industries had declared war on the government owing to its attitude toward the Ruhr valley.

Oakland Flyers Hop Away With Mail for South

Aviators Expect to Cut Time to Los Angeles to Three and Half Hours

To demonstrate that he can cut the mail time from Oakland to Los Angeles from 18 hours to 3 1/2 hours, R. C. Durant piloting his big 300-horsepower airplane, left Oakland this morning at 10:21 o'clock carrying 100 pounds of selected mail and headed for Southern California, going at the rate of 105 miles per hour.

This is the second mail carrying trip which Durant has attempted. The first Oakland-to-Reno flight failed because of a terrific gale. Flights to Portland and to Reno will be made in the near future, and if they are successful an airmail service along the Pacific Coast will be established radiating from Oakland, Postmaster Joseph J. Rosborough declared.

FLYING MAIL CARRIED ON FLIGHT

The flight is a genuine mail-carrying flight in every sense of the word, and not a mere exhibition. The mail was taken aboard the big plane is bona fide first-class United States mail, and its carriers are just as responsible for its delivery as if they were going from house to house through the city streets or in charge of a mail car on the transcontinental train.

The mail packet contained five letters to officials and correspondents in the southern city.

Accompanied by Lieutenant C. V. pickup, Durant said he would fly the 10,000 feet and a landing will be made at Chapin field, where officials will meet them with the mail. They will wait only long enough to get gas and oil and will then start on the return journey.

The airline route will take the flyers over San Jose, Hollister and Coalinga, and from there to Los Angeles.

The flyers were on their way from the field here by Colonel Halp Panett, assistant postmaster here, who delivered the mail to them; by Mrs. Durant, Sheriff Frank Barnett, Charles Roosevelt and others. They will be met at Los Angeles by the mayor, postmaster and a committee from the Chamber of Commerce.

The trip will be made at an altitude of 10,000 feet and a landing will be made at Chapin field, where officials will meet them with the mail. They will wait only long enough to get gas and oil and will then start on the return journey.

CITY MARKET PLAN VOTED BY COUNCIL

Berkeley Passes Ordinance to Provide for Funds and Fix Plan of Working; Women Promise Plenty of Trade

Margin of Profit Sufficient to Pay Running Expenses to Be Allowed; the Enterprise to Have Municipal Manager

BERKELEY, March 30.—With the unanimous vote of the city council, an ordinance creating a Berkeley Municipal Market was passed this morning. Action of the council was taken over the legal objections of City Attorney Frank V. Cornish, who declared that under the provisions of the city charter he could find no authority which would allow Berkeley, as a municipality, to venture into merchandising business.

A delay, which he urged to afford him further time in questioning legal authorities, was opposed, both by Councilman Carl Bartlett, author of the ordinance and by delegations of Berkeley's two Housewives' League, present at the meeting.

"This ordinance is liable to attack on the ground that it is a violation of the city charter," declared Councilman Bartlett. "We who favor it as a means of fighting the high cost of living and taking certain food stuffs out of the luxury class know that it will be attacked. Ordinances have been put through the city council before over the city."

EXPECT ORDINANCE TO BE ATTACKED.

Berkeley's ordinance is to be made a test case, and what its legal standing will be in the courts will be known how practical it is," was the declaration of Mrs. Meyer W. Jaffe, wife of Professor Jaffe of the University of California, and one of the leaders of the Berkeley Housewives' League.

Adoption of the ordinance was moved at this point by Councilman George Schmidt, which Councilman Charles D. Heywood seconded, and the council cast an unanimous vote in its favor. A demonstration from the crowd of hundreds of more housewives applied to the council for the ordinance under the terms of the ordinance a municipal market is created for the purchase of food stuffs of any kind or description for sale and distribution direct to the citizens and residents of Berkeley. Differing from the original ordinance prepared by Councilman Bartlett, this morning's ordinance places the newly created market under the supervision of the commissioner of finance and revenue instead of the mayor.

Officers and employees authorized under the ordinance are as follows: One purchasing and distributing agent to be known as a market director and such other employees as may be necessary to properly carry on the work of the market, said market director and employees to be employed on a full-time basis, and for such time as their services are actually required. The remuneration of all employees shall be fixed by the council. Under the terms of the ordinance the municipal market shall be a nonprofit-making plant of direct delivery to the consumer, it being the purpose of the ordinance to be the means of maintaining a market or central distributing place.

For carrying out the provisions of the ordinance, the sum of \$2500 was appropriated by the council as a reserve fund. It is proposed that the market shall be conducted so as to be made self-sustaining and the fund set aside to be used solely for the operation and future development of the market.

Paralysis of Industry Threatened By General Strike Unless Demand of Trades Unions Is Acceded To

RADICALS CLAMORING FOR REPUBLIC

COPENHAGEN, March 30.—King Christian announced today his refusal to comply with the ultimatum of the Social Democrats demanding the reinstatement of the Zahle Ministry, dismissed by the king, and other action in connection with the government crisis.

The demand was made under the threat that the Danish trade unions would meet today with a view of declaring a general strike if the throne did not comply.

The action demanded included the immediate summoning of the Riksdag and the restoration of constitutional conditions.

Socialists and trade union representatives who conferred with King Christian last night relative to the crisis which has arisen in Denmark as a result of the dismissal of the Zahle Ministry, declared that they would not accept the king's action in dismissing the cabinet. They charged the king's action as arbitrary and dictatorial.

The situation was confused after Zahle had refused to stay in office until a new government could be formed. The king's action was believed to call in the leaders of the various parties of the Left.

KING CHRISTIAN X and Queen of Denmark

of the ministers in the new cabinet, formed to take the place of the Zahle ministry, was reported today as saying the new government intended holding elections before summoning the parliament to consider the question of the Flensburg, the principal town in the second plebiscite zone. The Zahle ministry considered the question of disposition of the zone settled in favor of Germany by the recent plebiscite. The opposition, however, insisted there should be at least provisional internationalization of Flensburg and the second zone.

Socialists last night planned the general strike in protest against the king's action in dismissing the cabinet. They charged the king's action as arbitrary and dictatorial.

Oppenheim Is Indicted By Grand Jurors

SAN FRANCISCO, March 30.—Police Judge Morris Oppenheim was named in an indictment charging criminal conspiracy in connection with alleged police court irregularities which was voted by the county grand jury at an early hour this morning.

The indictment also named Peter J. McDonough, bar hotel broker, and C. Vincent Ricciardi.

The charges mentioned in the latest indictment are the outcome of an investigation into allegations of bribery and other irregularities in police court practices which were instituted some time ago and which resulted in the indictment of Police Judge John J. Sullivan and Peter J. McDonough on charges of bribery.

In the case of George Imperato, who killed Robert Mitchell with his automobile, Ricciardi charged that Oppenheim was paid to fix the trial of Imperato at \$1000 and later to dismiss the case.

John W. Philippi, who first appeared in the case, had not yet been released on bail from \$2500. Then Ricciardi entered the case and Philippi was "frozen out" according to the testimony of both the attorneys. The instant that Ricciardi took over the case Oppenheim reduced the bail to \$1000 and later dismissed the manslaughter charges.

Attorney Nate Corbhan, who defended alleged radicals in the Superior Court in Oakland, was called before the grand jury to explain his connection with the Imperato case after it was "fixed."

Lieutenant of Police Charles Goff submitted a complete list of cases where the records show prisoners were released on bail to William H. Harrison, foreman of the grand jury.

Tracy Suspect Held in Slain Girl Mystery

Puzzling Letter About Ulla Carlson Causes Arrest of Stranger

A man giving the name of Robert T. Toombs of Oakland is in custody at Tracy in connection with the mysterious death of Ulla Carlson. Toombs, whose arrest followed the receipt of a letter from him asking for a picture of Ulla Carlson, was picked up in the street at Tracy by Sheriff R. R. Veale of Contra Costa county, anticipating a struggle, surprised the man from the rear and pinioned Toombs' arms to his sides.

"I have been expecting this for some time," was the only comment the man would make until after he had been taken to jail. There it was found that he was armed with a .38-caliber revolver and was laboring under the impression that he was a detective hired by Walter J. Peterson of Oakland to run down three murderers.

"I am accused of the Carlson murder," he told Timper, "and I am accused of a lot more murders in Idaho, Oregon, Washington, and other places. I sent for the picture of Ulla Carlson to help me in my work."

"I wanted to go to Berkeley to the Carlson funeral," Toombs told the Tracy marshal, "but I couldn't stand the freight."

The man says that he formerly lived in Berkeley. For the past month, he says, he has lived at the Weber hotel at Twelfth and Franklin streets, Oakland. As soon as Chief Becker of Piedmont heard that Toombs had been taken into custody he left for Tracy in his powerful racing automobile. He arrived there this noon and will question Toombs carefully before his return.

a plea of not guilty yesterday after being arraigned in the superior court. He is charged with the murder of a woman, true bill. The case was set for April 27. Bernardino was charged with shooting Mrs. Marie Nanni and her daughter Emma.

DOLSEN PEN
TOUCHES ON
PLOT TO KILL

Letters written by J. H. Dolsen to officials of the Communist Labor party in Chicago, in which he intimated that some of the members had foreknowledge of the killing of American Legion men in Centralia, and that the members anticipated arrest and possible penitentiary sentences for their activities, proved the sensation in the Dolsen trial today.

Defending himself before Judge James C. Quinn, Dolsen stipulated that the letters were written by him out charged they had been secured by illegal means before they reached their destination.

In a letter written by Dolsen to J. E. Katterfield of Chicago, he referred to the shooting at Centralia, saying: "for which none of us were responsible and most of us were ignorant."

In another letter to A. Wagenknecht, a Chicago official, Dolsen wrote in part: "We shall all apparently go to the penitentiary for several years, but in the meantime we are going to carry on a stronger agitation than ever."

INHERITANCE OF
MRS. LAMB IS
TAXED \$4248

SAN FRANCISCO, March 30.—A decision directing Mrs. Elizabeth Lamb, widow of William D. Lamb, wealthy Orange county land owner, to pay \$4248 in inheritance taxes to the state was handed down by the State District court of Appeals here today. The tax was on a valuation of \$212,775 placed on Lamb's estate at the time of his death in 1911.

Mrs. Lamb contended that the tax should not be applied to the 1911 valuation, but to a valuation of \$194,775 which was established when Lamb deeded the property to his wife in February, 1909. The court held that he made such transfer in contemplation of death and that therefore the tax should apply to the 1911 appraisal.

The decision was an affirmation of a decision of the superior court of Orange county, the original suit being directed against John S. Chambers, state controller, to enjoin him from collecting the tax.

BOARD ACCEPTS
EMERYVILLE BID

Negotiations that may result in some other solution than annexation for the problem arising from the use of Oakland high schools by Emeryville pupils will be entered into between Superintendent of Schools Fred M. Hunter of Oakland and the Emeryville School Board, as a result of action at a meeting of the local School Board last night.

Hunter has been authorized to meet the Emeryville school heads in a discussion of the points raised in a communication to the Oakland department last night from R. S. Hawley, clerk of the Emeryville board, protesting against the proposed annexation.

"We realize that as a matter of justice Oakland should be reimbursed for money expended in the education of children from Emeryville," read the communication, "and we stand ready to meet any reasonable request from your board to this end. This we feel can be done without actual annexation, which would carry a burden on Emeryville out of proportion to the benefit received."

Chicago Employees
Join in Big Strike

CHICAGO, March 30.—Clerks, stenographers and bookkeepers employed in municipal offices went on strike today for higher salaries, threatening a paralysis of city business. In addition 136 garbage handlers were on strike, shutting down the municipal garbage reduction plant and causing a suspension of garbage collection.

At the same time a general strike of groups of the 15,000 municipal employees threatened as the result of action of the city council early today in rejecting a revised budget carrying \$4,000,000 to meet salary raises.

Restaurateur Tells Court
He 'Fell Strong' for Bunco

"Is this a 'come-on' story taken from the exploits of J. Rufus Walbridge, or did it actually happen in the city of Oakland?" asked Judge George Samuels as he listened to the case of John Arena, shoe-maker and alleged confidence man, who this morning was on trial on a grand larceny charge.

Arena was arrested February 19 on a charge of being an accomplice with two unidentified men in a deal by which Otto La Franchi, Oakland restaurateur, was fleeced out of \$500.

"Tell us in detail what occurred," said Prosecutor Hennessey to La Franchi. "I was anxious to buy a supply of good whiskey," said the restaurateur, "and when Arena came around with a sample of an excellent liquor and told me I could buy forty-five gallons at \$20 a gallon, I fell strong."

"On the night of February 12 I met Arena and two other men at Fifteenth and Broadway. They said everything was all right and that they had the whiskey concealed in a barn at 605 Third street. I drove them down to the place in my car. One of the strangers then asked me if I had the \$900. I gave him the roll of bills. They told me to wait and they would return shortly with

three 15-gallon casks of whiskey. After a while Arena came in, grinning. He said he guessed they had disappeared with the money, and that he had been suspicious of them all the time."

"And you didn't get anything at all for your money?" asked Judge Samuels.

"I believe it is customary to give the 'come-on' a basket of water," replied La Franchi. "But evidently they did not think it necessary to string me along with that old gag. I received nothing."

"April 1 will be peculiarly appropriate as a date on which to hear this case further," remarked the judge.

Grover C. Bergdoll,
Rich Draft Evader,
Is Given Five Years

NEW YORK, March 30.—Grover C. Bergdoll, wealthy young Philadelphia draft evader, who for nearly two years played a game of hide and seek with government agents, has been found guilty of desertion by a military court-martial and sentenced to five years in prison. The verdict of the court was announced today. The sentence, effective today, is for hard labor in the jail at Governor's Island. In addition Bergdoll's rights of citizenship are forfeited as a result of his conviction and he is dishonorably discharged from the army in which he did not serve.

CRONAN GIVEN SENTENCE

George Cronan, who snatched \$340 from the box office window of the Orpheum Theater on January 18 and who figured in a sensational attempt to escape from the city hall after his police court hearing, was given an indeterminate sentence today.

DEATHS TOTAL 158 IN BELT OF CYCLONES

reconstruction work yesterday around Chicago had cleared away most of the wreckage today. All of the refugees had been placed in homes or tents.

But one death occurred yesterday among the injured and hospital reported that most of the hundreds of patients would recover.

LEARNED WIRE TO TRIBUNE
CHICAGO, March 30.—The death toll Sunday's tornado which ripped paths of destruction through sections of six states, stood early today at 158, with fears expressed that reports from isolated regions and deaths among the injured would increase the total.

Stricken communities were emerging today from the wreckage wrought by the storm, and relief measures for the thousands of injured and homeless were being organized.

DEAD TABULATED ACCORDING TO STATES

Tabulated reports by states today gave the number of dead as follows: Indiana, 35; Illinois, 27; Ohio, 23; Michigan, 17; Georgia, 15; Alabama, 11; St. Louis, Mo., 1; East Troy, Wis., 1.

An unverified report that fifteen white persons were killed at St. Paul, Ga., a village near LaGrange, was being investigated and should, this prove true, the death toll would be increased to 17.

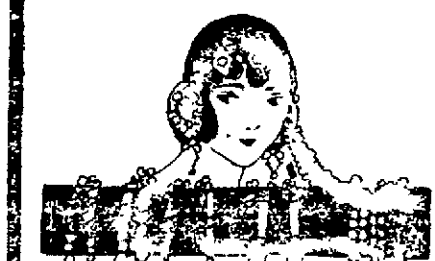

A number were reported missing in various localities and it was feared that some of these might be found to have been killed.

No accurate estimate of the total property damage, which runs into the millions, could be made today. In Illinois it was estimated that the material loss was \$9,000,000. In Western Ohio \$2,000,000. Michigan \$1,000,000 and Georgia more than \$1,000,000.

CLAIM TO LANZ ESTATE DROPPED

Mrs. Leah Templeton, office nurse of Dr. Paul Lanz, who was found dead in a room in a San Francisco hotel shortly after his arrest on a charge of having drugs in his possession, has filed a dismissal of her claim to his \$30,000 estate with Judge D. C. Robinson. It is said Mrs. Templeton has settled with Dr. Lanz's wife and his mother, both of whom filed contests of the will. The dismissal of the claim merely stated

it was withdrawn in consideration of \$1.
Dr. Lanz wrote his will on the fly leaf of a medical book, which was left at a Key Route parcel checking station. He left everything to Mrs. Templeton, saying she would care for his mother. It was charged in connection with the will contests that Mrs. Templeton unduly influenced Dr. Lanz and procured drugs for him. Her husband was in Sacramento at the time of Dr. Lanz's death. Mrs. Templeton was reported to have returned there shortly afterward.

CLEVELAND, Ohio, March 29.—Governor Cox was urged today to call a special session of the legislature for the enactment of laws to curb rent profiteering in a resolution adopted by the common council of Cleveland.

Petty Graft in Auditorium Is Charged by Soderberg

A backfire from the recent investigation of conditions in the management of the Municipal Auditorium that resulted in the removal of Manager George Keefe, exploded in the council chamber this morning when Commissioner Frederick Soderberg introduced resolutions changing the present method of handling concessions.

Commissioner Soderberg also filed a communication declaring the whole management of the auditorium showed continuous existence of petty graft and misconduct which he charged during a former communication.

"The communication speaks for itself," replied Morse, "but I was not aware of it."

Commissioner Soderberg then stated that he had discovered a room with a master lock on the door, containing a trunk with the initials of former Manager Keefe and that he had reason to believe that the trunk was purchased by the city for \$20.

As far as I know," continued Commissioner Morse, while I was in charge of the department a careful investigation would possibly have revealed irregularities, but I was unaware of them.

The irregularities date back to 1916," replied Commissioner Soderberg. Resolutions adopting specifications for the auditorium concessions and calling for bids were then submitted by Soderberg and adopted by the Council.

The concessions covered in the specifications are those for the chicken privileges, for serving soda water, mineral waters and fruit juice and a third concession for ice cream, candies, coffee cakes and Bowles.

IRISH BOND DRIVE PLANS COMPLETE

Plans for a final meeting of the committee chairman of the city and county districts in the campaign for the sale of the bond certificates of the new "Irish republic" were completed at a meeting of the executive committee last night. The big meeting will be held in the Albany building headquarters tomorrow evening, when a final accounting will be made by the chairmen and their lists of subscriptions tabulated.

In the meantime it was decided to make a determined effort to increase the over-subscription of the county. It is believed the allotment has been slightly overtaken, but the goal of \$125,000 will be reached before the final accounting.

For the purpose of collecting the subscription payments it is the intention of the committee to try to negotiate arrangements whereby the local headquarters may be retained for a few weeks.

The Regal "Hudson"

in Russia Calfskin

\$13.50

This shoe was designed for the young man who appreciates conservative style. The tip is straight and very finely perforated, the toe narrow. The Calfskin is of a Dark Cordovan color, carefully selected for its wear.

Your Choice of Plain or Wing Tip

WE illustrate here the plain tip "Hudson" merely to show how well this model carries out the youthful idea, even without the aid of decoration.

Imagine this same shoe artistically stitched and perforated wherever its lines admit of it—along the quarter, across the vamp, and with a bell shaped design on the Wing Tip—and you have a picture of the new "Tuxedo Hudson." Its price is \$15.00.

The Quick Way to Stop a Cough

This home-made syrup does the work in a hurry. Really a cure, and saves about \$2.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few minutes. It is a simple syrup, made of sugar syrup, if desired. Thus you make a full pint—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly kills the inflamed membrane that lines the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, hoarseness and whooping cough.

Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes.

To avoid disappointment ask your druggist for "2 1/2 ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

Five Chinese With Girl Student of U. C. Arrested For Racing on Highway

While two automobiles were racing each other along the highway between San Leandro and Hayward, first one leading and then the other, so close did the racing cars sweep by other machines that the fender of one car was struck and two other machines barely managed to keep clear of the racing cars which passed over a portion of the highway abreast of each other, each driver endeavoring to gain the lead.

The driver of one of the racing cars was Ralph Lew, Chinese student at the University of California. The driver of the second car was Henry Yoncu of 1543 Post street, San Francisco. With Lew was a pretty University of California co-ed, while in the second car with Yoncu

were three other Chinese from San Francisco.

Traffic Officer E. W. Banford, after pursuing the cars for more than a mile, succeeded in stopping the drivers and taking the five Chinese and the girl student into San Leandro, where Lew and Yoncu were booked for speeding and released on \$50 cash bail each.

RECENTLY PURCHASED CAR

Lew said he had just purchased his car and had invited Yoncu over to Oakland to take a spin with him. They decided that it would be great to race over the highway, Lew told Traffic Officer Banford.

Li H. Hawley, who recently served a twenty-four jail sentence for speeding, was arrested again last night on the highway between San Leandro and Hayward, charged with speeding. Hawley lives at 2016 East Twenty-second street, Oakland.

Frank Marwens, 1612 Twenty-seventh street, was arrested on East Fourteenth street last evening and charged with driving his automobile 53 miles an hour along a crowded highway.

Lew, Yoncu, Hawley and Marwens will all come up for trial before Judge of the Peace G. W. Gannon at San Leandro next Saturday.

DRIVERS' LICENSES REVOKED

That a revocation of operators' licenses is having its effect on automobile speeders is the declaration today of Judge Robert Edgar of Berkeley, who has been religiously taking away the right of violators of the law to drive their machines for a period of at least thirty days.

According to Judge Edgar he is daily beset by motorists charged in his court to allow them the use of their machines again.

"The whole family has to stay home now," was the plaint of one man who possessed the sole knowledge of an automobile in his home.

"But they can't have 'em back," says the judge. "I wanted to punish them so that they would feel it and it looks like they are suffering. It's a good lesson for them."

U. C. TRADITION OF GUARDING "C" TO BE CONTINUED

BERKELEY, March 30.—Despite the fact that guarding the "Big C" on Charter Hill on the University of California campus has been condemned as an "act of war" and an insult to students of Stanford, in the light of an agreement against "invasions" existing between the two universities, members of the freshman class, who were recently appointed "C" guardians, will turn up their watch at the emblem on the night of April 5. The freshmen are determined that the tradition of guarding the "C" shall not die.

The first-year students are today preparing the bonfire for the rally on the campus tomorrow, and at a recent meeting decided to finance a trip for their class crew to Washington. The organization spirit is further evidenced in the fact that an assessment has been levied on all freshmen in order to swell the treasury for next year's activities and to aid class athletics.

PATROLMEN APPOINTED

Six applicants for the examination to be held April 23 for the fifty new positions of patrolmen in the police department were given temporary appointments late yesterday by Commissioner F. F. MANY TO ATTEND SUNRISE SERVICE

RIVERSIDE, Cal., March 30.—Thousands of residents and tourists are planning to attend the sunrise service to be held Easter morning, April 4, about the latter cross on Mt. Rubidoux, near Riverside.

For years an increasing number of persons have climbed the mountain and lifted their faces reverently to the east to meet the sun, while in anthem and prayer the rising of Christ from the tomb was memorialized.

Many will ride this year but the great mass will make of the mountain-climb a sort of pilgrimage, as it was designed to be by Jacob Rits, author and social worker, to whose mind first came the idea of greeting the Eastern dawn at the cross erected in memory of Fra Junipero Serra, famous Franciscan priest and pioneer of California.

The program for this year's service includes: music by Marcello Craft; prima donna; the reading of Henry Van Dyke's poem, "God of the Open Air," by DeWitt V. Hutchins; and the benediction by Bishop Earl Cranston, of the Methodist Episcopal church.

SPokane, March 30.—Admittedly married to seven men, only one of whom is dead, Mrs. Louise Holselt-Jim-Sedman-Till-Tomas-Wells-Hawkins-Frisbie, is held by American authorities in the city jail here today.

She admits the sextet of spouses with great gusto and says she doesn't care a "whoop" whether she's deported to Canada or not.

The sextet includes one Chinaman, one Italian and one Frenchman. The balance are Canadians.

Women's Clubs Delegates Going To Sacramento

By EDNA B. KINARD.
Women's opportunity and responsibility will be stressed at the annual convention of California Federation of Women's Clubs which will be held at the Hotel Sutter in Sacramento May 11-14. The four-day program which is being whittled down to shape by Mrs. Aaron Schloss, state president; Mrs. W. A. Fitzgerald, Fresno, chairman of the program committee, and those associated closely with them will emphasize that department of work which aims at the settlement of the questions growing out of the great war and its bearing upon individual and national life. Some heart-felt, progressive ideas will be presented. Mrs. Josiah Evans Cowles of Los Angeles, president of the General Federation of Women's Club will be a special guest and in her official address will survey the work which the women of the nation are accomplishing.

But the Sacramento clubwomen who will be hostesses are so eager to do that serious matters will not crowd out the more joyous features of the May meeting. A hank of the day's work will mark Tuesday night, May 11, the unique merry-making being substituted for the formal reception of the inaugural night. The historic Sutter's Fort, and the B. B. Crocker Art Gallery with its \$4,000,000 collection of paintings and drawings, will lend interest to students. Each afternoon program will close with motor trips, including a ride through the orange groves adjacent to Sacramento.

The state capital will lend the auditorium to the day sessions of the nineteenth annual convention, the Tuesday Club house being used for the evening programs. Hotel Sacramento will be the official headquarters. Accommodations are offered for 400 delegates. Reservations must be made by May 1, through Mrs. Clarendon W. Foster, chairman of the hotel committee, Hotel Sacramento.

Mrs. J. J. Suss, of Redlands, has been named chairman of the resolutions committee, the most important of the convention bodies. Other chairmen are: Mrs. E. B. Earle, Sacramento, credentials; Mrs. J. D. Brennan, Sacramento, transportation.

COLLEGE GIRLS TO PREPARE LUNCHEON

College girls will demonstrate to clubwomen that higher education does not interfere with homey duties when on Monday next the members of Lakeview Club are entertained at luncheon at Mills College. The hostesses who nowadays can plan a dainty, satisfying menu at sixty-five cents a plate is a genius. The domestic science club of the Home Economic Department is undertaking to prove its claim to be one of the laurel-wreathed groups.

After the guests have been luncheoned by the college women, they will be entertained by members of the faculty with short talks and the students in song and dance. Those who are programmed to speak are: Dr. Anna Cox, Latin department; Earl Lindsey, department of geology; Elias James, English department; and Cardinal Goodwin, history department.

A nominating committee and delegates to the Alameda District C. F. W. C., will be elected at a short business session of the club. All sorts of delightful plans are being for the club party which takes its place on the calendar of Tuesday, April 13, as one of the most brilliant of the after-Easter functions. The entire Harrison street club house will be thrown open to accommodate the hundreds of women who are eager to have part in the erection of the children's wing of the Alameda county health center and the wiping out of Ella's debt. Mrs. E. D. Yorker is general chairman of the committee on arrangements, with Mrs. Charles Leonard Smith, Mrs. William R. Davis, Mrs. Maria McFarley, Mrs. Frank K. Mott acting as an advisory committee.

How to Stop a Cough

A constitutional remedy that removes the cause by building up the system, will stop a cough and break up a cold. These elements contained in Vinol—Beef and Cod Liver Peptones, Wild Cherry, Iron and Hypophosphites—soon create an energy that throws off the cold and prevents its recurrence.

Here is Proof that Vinol is a Great Remedy for Coughs and Colds
Columbia, S. C.—"I contracted a cold and hard cough so I could not sleep nights and soon found I was in a weak, run-down condition and could hardly keep around. Vinol built me up and my cough disappeared after other medicines had failed to help me."
MRS. ELLEN COLLINS.
For all run-downs, nervous, anemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.
Your money will be returned if Vinol fails—

OUR COD LIVER AND IRON TONIC IS THE GREATEST STRENGTH CREATOR KNOWN

NAME "BAYER" ON GENUINE ASPIRIN

Prescribed by physicians for over eighteen years—Always say "Bayer"

The "Bayer Cross" marked on tablets means you are getting the genuine "Bayer Tablets of Aspirin," proved safe by millions of people. In the Bayer package are proper directions for Cold, Headache, Toothache, Rheumatism, Neuralgia.

Rheumatism, Lumbago, Neuritis and for Pain.
Handy tin boxes of twelve tablets cost only a few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

TWIN PEOPLE SHOULD TAKE PHOSPHATE

Children Like Plim Bitter-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are constantly being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and smoothing out hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel this excessive thinness.

Thinness and weakness are often due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitrite-phosphate, which is expensive and is sold by most druggists under a guarantee of satisfaction or money back.

By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food element, bitrite-phosphate should produce a wonderful transformation in the appearance of the thin and weak. It will increase weight frequently by ten or fifteen pounds.

Increase in weight also comes with a general improvement in health. Nervousness, sleeplessness, lack of energy, which often is accompanied by a nervous, irritable disposition, disappear. The bright and clear eyes come back, the complexion is perfect and the bloom of perfect health is restored.

CAUTION: While bitrite-phosphate is unsurpassed for the purpose of increasing weight and strength, it is not a general health tonic. It is not a substitute for a balanced diet. It should be used in conjunction with a healthy diet and regular exercise.

Pease Quits Chairmanship; Dickey Contract Authorized

Authorization of a contract with Charles W. Dickey, recently appointed supervising architect of all architectural features of the approaching school building program, was granted at a meeting of the board of education last night and the contract referred to the office of the district attorney for final approval.

The contract with Dickey, which is similar to that of Chief of Construction Marston Campbell, calls for remuneration to the extent of 1 per cent of the total cost of actual construction. It is to be Campbell's contract, but under his supervision all of the architectural work in connection with the new buildings.

An estimate of the cost of preliminary work of remodeling and extensions to be commenced at the end of the present school term was submitted to the board last night by the building program committee and the citizens' advisory board committee, showing savings practically 2 per cent on the cost of preparing plans for the work.

WORK IS OUTLINED
Construction of auditoriums for the Fruitvale, Manzanita and Lafayette schools and remodeling of the Piedmont school will amount to \$35,000, according to the estimate, while \$385,000 will be spent in providing additional classrooms for the Dewey, Hawthorne, Highland, Melrose Heights and Santa Fe schools and for shop and community center facilities for the Garfield, Lazar, Tompkins and Prescott schools.

The question of whether the architectural work in connection with the new buildings is to be apportioned among all eastbay architects or limited to five or six candidates was raised by Director J. Loran Pease and precipitated a difference of opinion that resulted in Dr. Pease presenting his resignation as chairman of the committee on architects when the board members refused to support his motion putting the board on record as to its policy in the issue.

When the issue was raised Director Fred A. Campbell declared that the department had no desire to limit the work to any special number of architects and Superintendent of Schools Fred M. Hunter stated that it had been understood that there would be a wide distribution of the architectural work among

Eastbay architects as far as was possible.

PEASE RESOLUTION FAILS
Dr. Pease offered a resolution expressing the policy of the board to be that architects possessing the necessary skill and ability would be generally employed and called for an expression from Supervising Architect C.W. Dickey, who declared that having the work done by a large number of architects would be more expensive and allow less chance of standardization.

When the motion was put the board members, including Director E. A. Young, who seconded the measure, refused to pass it, whereupon Dr. Pease offered his resignation from the committee.

The appointment of N. W. Sexton to the position of architectural draftsman in the new building organization, at a salary of \$300 a month, was approved by the board last night on the recommendation of Chief of Construction Marston Campbell.

A report was submitted to the board by F. R. Cauch, director of boys' vocational work in the Oakland schools, of his success in purchasing in Cleveland a quantity of manual training machines offered by the government at 15 per cent of the original cost. According to Cauch he bought machinery valued at \$75,000 for \$11,250.

Why Doesn't Your Sleep Rest You

WHEN a man really rests, sleeping soundly all night, he wakes up with a new feeling of being alive—almost like being made over again.

But how often you hear some one say—"Oh, I sleep all right, but it doesn't seem to rest me!"

Probably this has happened to you many a time. The fact is that you do not sleep soundly—and your bed had more to do with it than you realize.

A creaky bed, a bed that sways, a spring that sags and lets you down into a hollow—puts your nerves on edge and makes your muscles tense.

For deep, sound sleep you must have a bed that invites every nerve and muscle to relax.

The Simmons Metal Bed is noiseless.

A Simmons Spring is always resilient and restful—never sags or humps.

Sleep is a big subject! Write us for the brochure, "What Leading Medical Journals and Health Magazines Say about Separate Beds and Sound Sleep." Free of charge.

Georgia Minstrels Furnish Old Time Fun at Ye Liberty

Jazz music, sprightly negro songs, jokes of both old and rare vintage and lively dance steps, features the presentation of the famous Georgia Minstrels at Ye Liberty Playhouse this week.

From Ed Wood, the wonderful humorist, to Ed Anderson, the bassist, right through to the melodious quartet and the final chorus, the Georgia Minstrel show which opened last night was a success both from a musical and a comedy standpoint.

While the familiar bang sextette of other negro minstrel shows was absent, there was enough harmony with songs and the big orchestra to carry the production. They were the real old-time negroes from Alabama, Georgia and other states of "Dixie-land" and they supplied enough rhapsodious comedy to keep the house roaring all evening.

The curtain rose on the ensemble singing, followed by the habitual end men passage and then individual exhibitions. Ed Anderson sang "I'm Going to Jazz Me Up," Right Through Paradise," George Wall "Wonderful Palm," Chick Beaman, the many-voiced upstart, "In Room 202," Ed Anderson in his song "Down in the Deep Let Me Sleep," Mamie Campbell, "Baby, Won't You Please Come Home," Wood with his imitable tenor singing.

Four old-time darkies dressed like the old black jags of Dixie, the Arabian Harmony Singers, the Dixie Trio musical act, the Georgia Quartet, Chick Beaman with a line of original comedy Campbell and Toliver and the Johnsons in dancing act with a final splash of rough comedy, buck and wing dancing and a negro celebration around the old darkies' cabin concluded the show.

WOMEN PREPARE HAPPYLAND SHOW

Native Daughters, members of Aloha Parlor, will be busy engaged during the next few days getting out and dusting their fancy dress costumes and remodeling them for the big frolic which will take place next week in Happyland, at Nineteenth street and Telegraph avenue. Dress rehearsal of the many stunts that the women will engage in for the benefit of the building fund of Athletes Parlor, Native Sons, has already been held and all is in readiness for the opening parade through the downtown streets next Monday night.

Features of the sand-dust ring under the "big top" will be among the performances in which the Native Daughters will participate. The out-of-door entertainment also will include a dog and pony show, with trained monkeys, birds and snakes. Some of the largest pythons in captivity will be shown in Oakland for the first time during the Happyland carnival.

Among members of Aloha Parlor who are taking an active part in the committee for Happyland features are included Nettie Wyman, chairman; Doris Brown, Alice Black, Jessie Humphreys, Ruth Tornblom, Minnie Martin, Freda Norman, Laura Wood, Rose Pridemore, Edna Potts, Carmelita Lutz, Sallie Ruthenford, Blue Frick, Maud Mitchell, Olive Hewitt, Margaret Olivera, and Jennie Trainor.

Girls' Assailant Is Lynched in Kentucky

PARIS, Ky., March 29.—Sawing down unexpectedly upon officers who were taking Grant Smith, negro, to jail at Paris, last night, a crowd of forty men captured the negro and hurried him in an automobile out the Maysville-Lexington pike at Mays Lick, Fleming county, where he was hanged to a telegraph pole. Smith, who was 40, disappeared two months ago after alleged assaults on Ruby Anderson, 21, daughter of a farmer at Lexington, Ky. He was arrested in Michigan last week.

Elmer Nunn, Mary Adelbert, Mary Crosby, Helen Higgins, Connelia de Lavega, Francis Tiamor, Elizabeth Haggard, Josephine Beal and Jennie Trainor.

Nome, Alaska, Builds Trade With Siberia

NOME, Alaska, Feb. 1.—(By Mail.)—Nome wants to become the gateway to northeastern Siberia, whose rocky bluffs rise out of the Bering Sea less than 100 miles west of here. Last summer's Nome trade with Siberia ran as high as approximately \$250,000. On account of disturbed political conditions at Vladivostok, the Siberians are sending their products here. The shipments were largely of furs.

MY HEART and MY HUSBAND

by ADELE GARRISON

(Continued from Yesterday.)

Has Alice Holcombe Come to Aid Madge in a Difficult Situation? The movie theater was darkened for the second run when he reached it, and we had difficulty in finding seats.

At last the usher found two about midway down the hall, next the wall, and we climbed over a number of resentful people to our places. We had no means of knowing whether or not Miss Dean was in the house until the film, to my mind an unusually dreary and uninteresting one, had been run out, and the lights were flashed on for two or three minutes before the next feature.

Dicky saw her first. He had been vaguely looking for her since the moment the lights came on, and I pretended to share his interest, although I would have been glad indeed to have been absent of the girl's absence from the place.

"There she is!" my husband exclaimed in a tone which he forgot or didn't care to lower. At any rate it turned several heads in our direction, and made me draw back.

Pushed and resentfully embarrassed at the attention we were attracting, he nudged me as he spoke, and I followed his glance to a point almost directly opposite us, but on the other side of the theater, where Miss Dean in the flame-colored gown she had worn at the Stockbridge reception, sat beside Alice Holcombe.

"What do you know about that?" Dicky muttered in a tone that betrayed annoyance. "She's got the old girl with her. I didn't count on having to play the gallant to her."

I could not help but smile at his masculine obtuseness, even while I hotly resented his disrespectful allusion to the woman I cared most for in the whole roll of Bayview teachers, the woman for whom I had grown to have a sincere affection. Man-like, Dicky was figuring that

Miss Holcombe's presence meant that he would have but little chance for Miss Dean's society, while any woman could have told him that the younger woman had brought the older woman along to talk to me so that she could secure Dicky's undivided attention.

"Don't worry," I assured him in a whisper. "Alice Holcombe and I always have oceans of words to say to each other, so I'll relieve you of that responsibility."

"I didn't quite mean that," Dicky said contritely after we had both acknowledged Miss Dean's gay smile and wave of the hand and Alice Holcombe's soberer salutation. "Miss Holcombe's a mighty fine woman, no doubt, but she's too clever for me. I'm afraid of that drawl of hers—too much brains and critical power behind it. It felt the other night when I stood talking to her as though she had put me on a spindle or a pin point or whatever those scientists put the bugs they're studying on, and was looking me over to see if I had the requisite number of points."

"WHAT MADGE GUESSED." "Oh, Dicky," I expostulated, smiling in spite of myself. "You do her an injustice. She's really one of the dearest, sweetest—"

"I'll take your word for it," Dicky interrupted lazily. "Don't try to prove it to me. Besides, a woman as good-looking as she is has no business to look as dowdy and old as she does tonight."

I looked at my friend and was forced to acknowledge that Dicky's

criticism was in part justified. Alice Holcombe did look old, and she wasn't her usually well-groomed self. Her wonderful hair had evidently been done up hastily, she had on the same suit she had worn in her classroom that afternoon, and her whole appearance suggested that she had been lying down and had hastily arisen and come to the theater.

The conviction came to me suddenly that this was just what she had done. With a little flame of anger at my heart I saw the whole mean little scheme of Miss Dean's as if I had been present when she had unfolded it.

With the idea that her own youthful prettiness would stand out more strikingly against a foil, she must have purposely delayed her request to Alice Holcombe to join us until too late for the older woman to

freshen her toilet. Another realization came to me. Alice Holcombe was too clever to allow her associate to use her unless she had a compelling motive for so doing. With a constriction of my throat I knew that my friend had come to the theater regardless of her own appearance because she fancied she might in some way aid me in a difficult situation.

(Continued Tomorrow.)

and it wasn't his crime

Justice sometimes goes wrong. Men are often punished for crimes they do not commit. And when we thoughtlessly take purgatives and cathartics to relieve stagnant bowels, we are committing a similar injustice.

When the system is unable to remove food waste at regular intervals, it is the food waste, and not the system, that needs correction.

Every other form of treatment either irritates or forces the system. Nujol works on the waste matter instead of on the system. By this entirely new principle Nujol will keep the poisonous waste moving out of the body.

Nujol prevents constipation by keeping the food waste soft, thus helping Nature establish easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world.

ROTARIANS ARRIVING BY HUNDREDS TO ATTEND CONVENTION

Oakland Club Is Host To Notable Gathering; Work Begins Tomorrow

Early delegations to the Fifth Annual Conference of Rotary Clubs of the Twenty-third District, which opens in this city tomorrow morning, began arriving today. By evening Secretary Howard F. Schaefer of the Oakland Rotary Club expects that at least 1600 visitors will be registered.

The delegates hail from many districts. While trains were bringing large parties from Nevada and Arizona, a steamer came through the Golden Gate with a merry list of Rotarians from Hawaii.

Along with the advance guard came Albert S. Adams, president of the International Association of Rotary Clubs and therefore the biggest Rotarian of them all. He is down on the program for an address at 11:20 o'clock tomorrow.

The convention will continue until Thursday night. The two days will be devoted to many addresses and business matters, but in the evening there will be time for frolic and a Rotarian never overlooks a chance to laugh or dance a dance.

OPENING CEREMONIES

At the morning session tomorrow, the invocation will be given by Rev. Joseph Shroy of San Francisco. The address of welcome will be by Herman T. Johnson, president of the Host Club, and the response will be by Alexander Sheriffs. The only speaker will be International President Albert S. Adams. Musical numbers during the forenoon will be given by the Rotary quartet and Lowell Redfield. During the afternoon "The Spirit of Patriotism" will be presented by the Stockton Club and Dr. Tully Knowles of San Jose. Robert W. Martland of Oakland, Charles S. Tripler of San Francisco, C. W. Bryant of Sacramento, Arthur M. Free of San Jose and Fred M. Hunter will be among the speakers. There also will be a solo by Charles F. Bulotti of San Francisco.

The Oakland Club is making every effort to have this conference one of the best yet held. This is the first time that the local organization has played host to the delegates to a

district convention, but the plans are elaborate and they say that there is not going to be one dull moment during the two days.

The program does not provide for any stunts this evening, but rather to getting acquainted, although there is a rumor that the Sacramento Club is going to put on a surprise in the form of a dinner dance. The Capital City Rotarians are not telling a thing about their plans and as a result they have the Oakland Rotarians speculating.

DOINGS EVERY MINUTE

But tomorrow the program calls for the delegates to register between 8:30 and 9:45. And from then on until evening there will be something doing every minute. But after an address in the early evening by Dr. Walter E. Clark, president of the University of Nevada and a Rotarian of Reno, the rest of the time will be given over to merry making.

The big frolic on the program for Wednesday is the musical comedy "Kowhere," written and directed by George A. Cummings of the Rotary Club of Oakland. The play, which is based upon the spirit of Rotary, is full of jazz and all of the songs and music have been composed for the particular play. Seventy-five people will take part in the play and among them are some very pretty chorus girls.

Naturally the banquet Thursday night will be followed by much jazz, but just what this will be no one knows as the frolic consists of each club putting on some stunt, secret. One of the chief items of business at the conference will be the selection of the district's nominee for district governor, but as yet there is no concerted drive being made for anyone in particular. District Governor Alexander Sheriffs of Los Angeles cannot succeed himself, according to the laws of the organization, and so nominees must come from an open field.

BABY CLUB RECEPTION

The baby clubs will be tendered an informal luncheon and reception to-

BOMB IN SUGAR BOWL SMOKES; DINERS SCATTER

BERKELEY, March 30.—A signal corps smoke bomb placed in a sugar bowl last night in the Oxford cafeteria, Oxford street and Allston way, caused a near riot among diners.

As the bomb began to smoke guests in the cafeteria rushed screaming to the street. W. R. Janna, proprietor of the restaurant, remained heroically in the place to call the police. When Patrolman Frank Swain and a detail of officers arrived on the scene they picked up the "bomb" in their hands to the horror of the diners. They laughed and then dinner was resumed.

Hanna thinks the bomb was placed as a prank by college students.

Tomorrow at 12:15 o'clock. There are several new clubs to be initiated. The Rotary organizations in the Twenty-third District are showing a marked growth and several new clubs have been added. One of the youngest being that at Ekersfield. While the Rotarians are at work, their wives and daughters who accompany them here will be the guests of the wives and daughters of Oakland Rotarians. First upon the program for their entertainment is an auto trip to Mills College. The autos will leave the Hotel Oakland at 2:45 o'clock and the visitors will be given an ample opportunity to visit the beautiful grounds at the educational institution.

During the evening they will attend the musical comedy and the next afternoon they will be taken in autos along the Skyline boulevard and thence to the Durant aviation field, where an aerial circus will put on a number of stunts. The return to Oakland will be made in ample time to prepare for dinner and stunts followed by a grand ball. The Stockton delegation announces that the pageant "The Patriotism of Peace," which it will present tomorrow afternoon at 2 o'clock, will be one of the best features at the conference.

MILLIGAN'S SUCCESSOR SURVEY ON

BERKELEY, March 30.—No successor to Lawrence E. Milligan, superintendent of the California School of the Deaf and the Blind, whose death occurred on Sunday in Colorado Springs, will be named for six months at least, is the probability as expressed today by members of the board of directors.

According to Elmer E. Nichols, Berkeley attorney and one of the oldest members of the board, arrangements had been made before Milligan's departure to Colorado for his health to care for the administration of school affairs for the next six months at least by placing the vice-principal, Professor W. A. Caldwell, in charge.

A personal survey of the east will probably be made by members of the board before any decision is made as to a new superintendent. It will be our desire to secure the very best man obtainable, one as efficiently trained in the education of the deaf as in that for the blind.

Selection of Milligan for the Berkeley post in 1912 followed a search of many months under the direction of Dr. David P. Barrows, president of the University of California and then a member of the board of directors of the blind school. Nichols pointed out today in expressing the difficulty of the task before the board in finding a capable successor to the late superintendent.

FUNERAL ON THURSDAY
Funeral services for Milligan will be held Thursday morning in Denver at 10:30 o'clock. Memorial services in honor of the former head of the institution will be held in the auditorium of the school in Berkeley at the corresponding time here, 9:30 o'clock.

The services will consist of an organ solo by Prof. Fleissner, of the faculty; invocation by Rev. Russell, pastor of St. John's Presbyterian church; a violin solo by Mrs. Chapman, of the faculty; remarks by David P. Barrows, president of the University of California; solo by Mrs. Von Sturmer; and the benediction by Rev. Russell.

MRS. HUNTER TELLS STORY OF SHOOTING

SAN FRANCISCO, March 30.—Mrs. Agnes L. Hunter, charged with shooting and slightly wounding her husband, William H. Hunter, wealthy oil operator, in the dining room of the Palace Hotel last November, took the witness stand today in her own defense at her trial in Superior Judge Raulo's court. Her testimony included details of her alleged betrayal by Hunter and the beatings she said she received at his hands up to within a few weeks of the time their boy, William Hunter Jr., was born in a hospital in Los Angeles.

On the witness stand, in a voice scarcely audible to the jurors, she told her story, a story frequently interrupted by tears, of her novit friendship with Hunter and the circumstances leading up to the dramatic shooting in the Palace Hotel. Hunter, the witness testified, met her seven or eight years ago when she was a young and unsophisticated girl and brought her to San Francisco. She described going to dinner with him in San Francisco, of drinking her first cocktail. She told the court Hunter had induced her to accompany him on trips through the East and to Arizona.

Medical attention to thwart motherhood had been Hunter's proposal, the witness said. Mrs. Hunter testified she was married some time before her baby was born at Santa Ana, Cal. She testified also as to beatings received at the hands of Hunter, particularly one time three weeks prior to the birth of her baby. Her testimony was confirmed in part by her sister, Mrs. Frank Rogers.

The defense is seeking to prove that Mrs. Hunter shot her husband while temporarily insane. John Sanderson, of San Jose, a realty dealer, testified he had known Hunter for many years, that he had met the latter in a hotel in Los Angeles two years ago and that Hunter had remarked "I'll have to ring up some of my chickens," and had displayed a book containing between 50 and 55 names of women friends, in different parts of the country.

Total number of French killed in the war is now placed at 1,039,600, with 245,000 still listed as missing.

Mrs. Edith Maier Shrieke When Sentenced to Prison

"It is the judgment of this court that you be sentenced to San Quentin prison as prescribed by law," thus far Judge James G. Quinn has progressed in pronouncing sentence today against Mrs. Edith Maier, convicted confidence operator, when the woman broke into a paroxysm of shrieks and sobs and had to be led still hysterical from the courtroom. With her went her sister, also bitterly weeping.

Mrs. Maier was granted a five-day stay of execution on the statement of her attorney, Frank W. Hooper, that his client desired to make restitution of the articles she had obtained by fraud. The court denied her release on probation.

The woman was accused of using the name of a friend, Mrs. Minnie Meyers of Alameda, with whom she resided, to secure more than \$300 worth of goods from department stores here. It was not until after her departure from her friend's home that the frauds were discovered and the police notified. In company with the young woman when she was arrested was J. W. Henry, who denied that he knew of the woman's activities. Mrs. Maier was tried on the specific charge of obtaining a coat valued at \$97.50 from a local department store by charging it to another person.

Mrs. Maier has a brother residing in this city and a sister in Hollywood. The sister attended her dur-

THREE MEN GRAPPLE AS ONE SHOTS

As the result of a shooting affray early this morning in a Seventh street hotel, Henry Savy, hotel proprietor, had a narrow escape from death, and his assailant, Peter Ramich, is in the city prison.

According to the report made to the police this morning, Ramich had been living at the West Oakland House, 1778 Seventh street, for several months. When his rent came due last Saturday he refused to pay. He left the city for a few days, and upon returning to the hotel last night he found the door of his room locked.

BROTHER IS AROUSED

He aroused Savy and demanded entrance to his room, but the hotel owner refused to unlock the door until the rent was paid. An argument followed and the loud words in the hallway attracted Joseph Savy, the hotel man's brother, to the scene.

Finally Ramich drew a revolver and flourished it in a threatening manner, Savy says.

"I will give you one minute to open that door," he shouted, as he drew out his watch, according to Savy.

"Pay the rent and the room is yours," replied Savy.

THREE GRAPPLE IN HALL

In the meantime Savy's brother slipped away with the intention of calling the police, but before he could do so Ramich began to shoot.

The two brothers cowered in upon the man, and the shots went wild. One

Detailed Charges Demanded By Petersen for Appeal

Demand for a particularized copy of the charges upon which was based the order dismissing Captain of Inspectors Walter J. Petersen was presented to Commissioner F. F. Morse today by Captain Petersen's counsel, Burton J. Wyman. The demand contained a request that a copy be furnished three days before the hearing scheduled for next Tuesday night of Captain Petersen's appeal before the Civil Service Board.

In a statement given out on receipt of the demand, Commissioner Morse declared this morning that he considered the point raised immaterial, that there would be no snap judgment taken in the case, and that the Civil Service Board would not allow the case to be rushed without allowing ample time for the preparation of a defense.

PREPARES FOR APPEAL

"You are reported as publicly explaining to the City Council last week that your action relative to the case of Walter J. Petersen was not prompted by your personal feelings," read the demand served upon the commissioner by Wyman this morning.

"From your statement, as reported in the newspapers, the correctness of which you have not yet denied, I infer that you would have it understood that your action was taken for no other reason than for the public good—in other words that you acted solely in your official capacity and so acted without bias or prejudice.

"If, as you would imply, you are a believer in the doctrine of a square deal, you honestly can have no objection to furnishing a particularized

copy of the charges upon which you base your action in the Petersen case, to the end that he may properly prepare to present his appeal before the Civil Service Board.

DATE IS SPECIFIED

"Therefore, as attorney for the said Walter J. Petersen, I respectfully demand on his behalf that not later than three days before the 6th day of April, 1920, you furnish him with a particularized copy of the charges upon which you base your order of dismissal."

It is expected that Captain Petersen's appeal, to be started Tuesday night, April 6, before the Civil Service Board, will be held in the council chambers because of the interest taken in the case and the probability of both a large lobby and a great number of witnesses, chiefly on the side of the defense.

The tongues of the "wiseacres" about the city hall were busy this morning with another rumor that Commissioner Morse yesterday asked Chief of Police J. F. Lynch for his resignation and that Lynch refused. The rumor was denied today by both Morse and Lynch.

"Jimmy" Burglars Loot Home of Silver

Burglars stripped the house of A. E. Lock, 1015 East Thirtieth street, of silverware last night or early this morning. They gained entrance to the house by forcing open a side window with a half inch "jimmy."

The home of Mrs. C. F. Whitman, 1635 East Eighteenth street, was entered by the same gang of thieves, which is shown, according to the police, by the peculiar marks left by their "jimmys."

Ten dollars in currency and other valuables were taken.

went through the floor and several bullets riddled the door.

The police were then called, and Ramich was arrested. He will be charged with assault with a deadly weapon.

Dock and Deck

The whaling and trading power schooner Herman sailed for Bering sea and the Arctic ocean stations of the H. Liebes Company yesterday, after passing the winter in East Oakland harbor. This will make the twenty-first voyage to Alaska that this craft has made since becoming a trader. She was built as a mission-ary steamer for Oakland missionaries and was used among the South Sea Islands. At that time she was named the Morning Star and was rigged as a barkentine. Her mainmast was built of iron and used as a smoke-stack. During the Nome rush she was sold to the Liebes Company and was used to transport passengers and freight to the Nome goldfields. The following year she was stripped of her engines and boilers, rigged as a three-masted schooner and had new engines installed. Each year she returned home with a large amount of furs, ivory and whaling under command of Captain Petersen.

The steamer Spokane, which went ashore at Wrangell Narrows some days ago, arrived at Seattle and was placed on the drydock where it was discovered that nineteen plates and sixty-five of her frames were badly damaged and would have to be removed and new ones put in her hull. The Spokane was to sail from Seattle tomorrow and her return trip to Alaska and 275 passengers were booked for the trip, but they will have to wait till the craft is repaired, which will take about two weeks. All the other steamers on the Alaska route are filled.

A fleet of new 65-foot fishing schooners built at Tacoma sailed for the coast of silverware today and will call here for fuel and supplies. They are named the Oakland, Cleveland, Rhode Island, Wyndham and Captain, and will be used to fish out of San Pedro. Three other fishing craft are in the harbor, the northern ports for California fishermen and will soon be ready to start from the north.

The master of the steamer Admiral Nelson, arriving at Seattle yesterday, reports that a heavy snowstorm, three miles of ice eight inches thick appeared after a heavy snowstorm. The Watson had difficulty in crushing a passage to the dock, but was not injured, although much of the paint on the water line was scraped away.

The Skinner and Eddy shipyard No. 2 at Seattle, now the hands of the government, will be taken over by David Rodgers, a well known ship-builder who has contracts to build vessels to the amount of \$400,000. Rodgers expects to employ about 6000 men, with a daily payroll of \$35,000. Louis Jacobson, assistant general manager of the Skinner & Eddy plant, will be appointed in the Rodgers company. He has resigned from the Skinner & Eddy Company.

The Pacific Mail steamer Columbia is reported aground at the entrance of Yokohama bay. Captain Dockstader says she will be aloft on the next high tide.

The British steamer Egremont Castle, bound for New York from Singapore, has put into Alexandria with her machinery disabled. Repairs will be made there before she can proceed.

Steam schooners bringing 2,700,000 feet of lumber from the north began unloading here today. The steamer Mayfair, which was barbed at Fareka for nearly a week, reached Oakland this morning, and the schooner Cecilia Sudden, which left April 13 days ago, brought in \$200,000 of copra. She sprang a leak and was compelled to put into Suva for repairs which detained her two months. After unloading at Oakland she will go on the drydock for a general overhaul.

Changes of masters registered at the United States custom house: Captain August Olsen, steamer Katherine; Captain Anton Wise, motor schooner Bonnyville; Captain George W. Hoppe, gas schooner Yolo; Captain D. Stairley, gas schooner Magnolia; Captain R. L. Taft, gas schooner Dora.

HOOVER IS CANDIDATE. JOHNSON DECLARES

NEW YORK, March 29.—In historic Cooper Union, where Abraham Lincoln delivered the great speech that made him president of his country, Senator Hiram W. Johnson of California will tonight proclaim his creed of uncompromising Americanism to the people of the nation's metropolis. Reaching this city last night after his stirring appeals to the voters of the upstate districts, Senator John-

son, in discussing the candidacy of Herbert Hoover with representatives of the press, said: "Mr. Hoover is a candidate, and has been for many months. He has a perfect right to be. The American is taught from boyhood that he has the right to be a candidate for the most exalted office

within the gift of the people. What I cannot understand is why Hoover should be ashamed of it. "It is strange to me that he should go about the country making speeches on the issue of the day, that he should be represented by an expensive and elaborate and powerful organization and still as-

sert he is not a candidate. "Why, my organization in New York occupies three little rooms in a big commercial hotel, yet the Hoover organization representing a man who says he is not a candidate has one-half of an entire floor in the Hotel Vanderbilt.

COFFEE WEEK

March 29 to April 3

THIS week, while grocers of the entire United States are devoting themselves to special displays of Coffee, it is highly desirable that the readers of this paper consider a few facts in regard to this most popular of all beverages.

This country drinks nearly one-half of all the Coffee grown in the world. And the American appetite for Coffee is constantly growing.

In the last six months of 1919 we Americans drank three billion more cups of coffee than we drank in the same period of 1918. This liking for coffee by Americans is easily understood.

America is an active, virile nation. As a nation we require food that sustains

body and brain at high efficiency. Coffee is pleasing to the palate, but it is also refreshing and invigorating. It supplies strength and staying power. It stimulates the brain and relieves fatigue of mind and muscle. It helps men and women endure exposure and withstand hard work.

Let Coffee be your everyday drink. Drink Coffee because it is nourishing. Drink it because it lightens fatigue, sustains energy and aids digestion. Drink Coffee because it is satisfying and healthful.

Make Coffee Week the occasion for an intimate Coffee-chat with your grocer. He will see that you are suited absolutely on Coffee.

**DEMURRER
BY EDWARDS
SUSTAINED**

Three of the charges of malfeasance in office made against Commissioner W. H. Edwards by Attorney Albert M. Armstrong, who instituted a suit against the official on behalf of H. L. Patterson, taxpayer and garage owner, have been dismissed by Superior Judge A. F. St. Sure. The plaintiff is allowed under the ruling to amend the other three counts in the suit within five days.

Judge St. Sure's ruling sustained a demurrer to the complaint filed by City Attorney H. L. Hagah in behalf of Edwards. Three causes for action are dismissed entirely, while three causes for action, upon which future action in the case gives promise of being based, are sustained, but with the order that these counts be amended.

RESPONSIBILITY DENIED
As the affair now stands Edwards is exonerated on half of the counts contained in the original complaint, and unless the amendments to the remainder of the complaint are made within five days the case will be dismissed.

City Attorney Hagah contended that there was not sufficient cause for action to remove Edwards in any of the counts alleging negligence, and that accusations of graft should be presented in a criminal action after a grand jury investigation.

Judge St. Sure ruled that the charges against Edwards of misadministration of the city's finances should properly be made against the city treasurer. He held that Edwards was not accountable as the revenue and finance chief does not directly administer the municipal funds.

CAUSES EXCERATED
The six causes for action contained in the original complaint relate to the following matters:
1. Alleged trafficking in street improvement bonds.
2. Alleged withholding information concerning the city's construction of the Clawson school.
3. Alleged mishandling of duplicate tax fund.
4. Alleged shortage of \$900 in city funds.
5. Alleged replacing of the \$300 shortage without notifying the city council.
6. Alleged illegal payments of school employees.

Charges 2, 4 and 5 were definitely dismissed. Charges 1, 3 and 6 are sustained and ordered amended.

**SCHOOL FOREMEN
KEEP EXTRA PAY**

The three foremen of the school department were required to return money collected by them last summer for vacation periods while they were working a per diem basis, under a decision arrived at last night at a meeting of the School Board, when the issue was finally determined.

A communication to the Board last night from Deputy District Attorney O. D. Hamilton advised the board that the men could not be forced to return the pay received.

Opposition to the closing of the incident with the acceptance of the ruling was expressed by Director Fred A. Campbell, who announced that he would carry the issue to the attorney general for a further ruling to place responsibility.

Director J. Lorin Pease offered a resolution absolving from blame in connection with the affair Dan W. Pratt, former business manager of the board. The resolution was given first reading.

**Decree Awarded to
Mrs. Jas. B. Dawson**

James B. Dawson, realty operator and proprietor of the Castro Villa on the Dublin road, was today divorced by Mrs. Cora B. Dawson on her testimony that her husband would desert himself from home for months at a time without making any explanation. When taking these "vacations" Dawson would leave his wife and their adopted son, now 2 years old, without any support. He has a net income of \$200 a month, Mrs. Dawson declared. She was granted an interlocutory decree by Judge A. J. St. Sure with \$4 a month alimony. They were married in San Francisco May 2, 1904, and separated last November.

**FIVE ROBBED
BY THUGS IN
STOLEN CAR**

SAN FRANCISCO, March 30.—Two automobile bandits operating in a stolen automobile evaded special details of police late last night and early this morning and successfully held up five victims in different parts of the city, one of them a street car conductor, obtaining in the aggregate a considerable sum of money.

Harold Boyd, 303 Page street, early in the evening reported that his new model Chrysler touring car had been stolen from in front of his residence. From that time on, at frequent intervals, pedestrians throughout San Francisco reported having been held up by two men in an automobile, who invariably transported their victim several blocks from the scene of the hold-up before releasing him.

VICTIMS GIVEN FREE RIDE
The pair held up W. H. Green, with offices in the First National Bank building, at Hyde and Bush streets, and robbed him at the point of revolvers of \$50. Green was then compelled to get into the automobile and driven to Franklin and O'Farrell streets, where he was released, and told to go on his way. A short time later Thomas Suras, 6213 Shattuck street, was held up at Twenty-second and Mission streets, robbed of \$25 and carried to Twentieth and Mission streets before being liberated.

The next citizen to encounter the bandits was W. L. Eldridge, conductor on a Richmond avenue car, who was held up by the men at the terminal of the line, Richmond avenue and Hanover street, and robbed of receipts amounting to \$30.

MAN ROBBED OF HIS AUTO
Transferring their activities to the Park district the men then held up Edward L. Stuckley of Los Angeles, a guest at the Hotel Herald. They climbed on the running board of Stuckley's machine, searched him, made him alight and drove his machine off. Stuckley had dropped his purse containing \$22 in the bottom of the machine. He walked to police headquarters and reported his loss. The police believe one of the bandits drove Stuckley's machine to some remote spot.

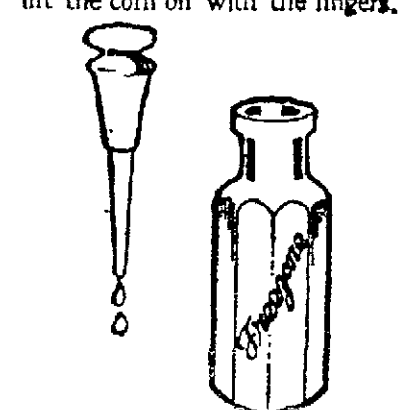

As they were concluding robbing Stuckley, Nicholas Cosgrove, 2431 Balboa street, came upon the scene and was robbed of \$7.50 and warned to keep on his way.

**YOUTH JAILED
FOR WEARING
POLICE BADGE**

Raymond Maxwell, 17, was booked last night on a charge of impersonating an officer. He was accosted last night by Patrolman W. A. Meyers at Thirty-third avenue and East Eighth street, and told to move along.

The youth pulled back his coat and displayed a shiny six-pointed star, bearing the words "Special Police Officer 559."

"Beg your pardon, said Meyers. 'I don't remember seeing you before on the force.'"

At this juncture Officers Lyons, Shields and Teehan appeared. They likewise had not seen the youthful officer before, so it was decided to take him to the Central police station for investigation. He admitted that he had bought the star at a junk shop, and was later turned over to the Detention Home.

"Alopecia Pityrodes"—A Very Common Scalp
Trouble, Which in Time, Will Cause

BALDNESS

Starts with the scaling of the scalp, sometimes slight, called dandruff; sometimes abundant, producing thick, grayish-white scales.

Both men and women become afflicted with this trouble, but particularly those between the ages of 20 and 30 years.

Unless careful attention and care are given during the early stage an increased fall of hair is noticed—and baldness is the final result.

Free Microscopic Examination of the Hair and Scalp
